Vision

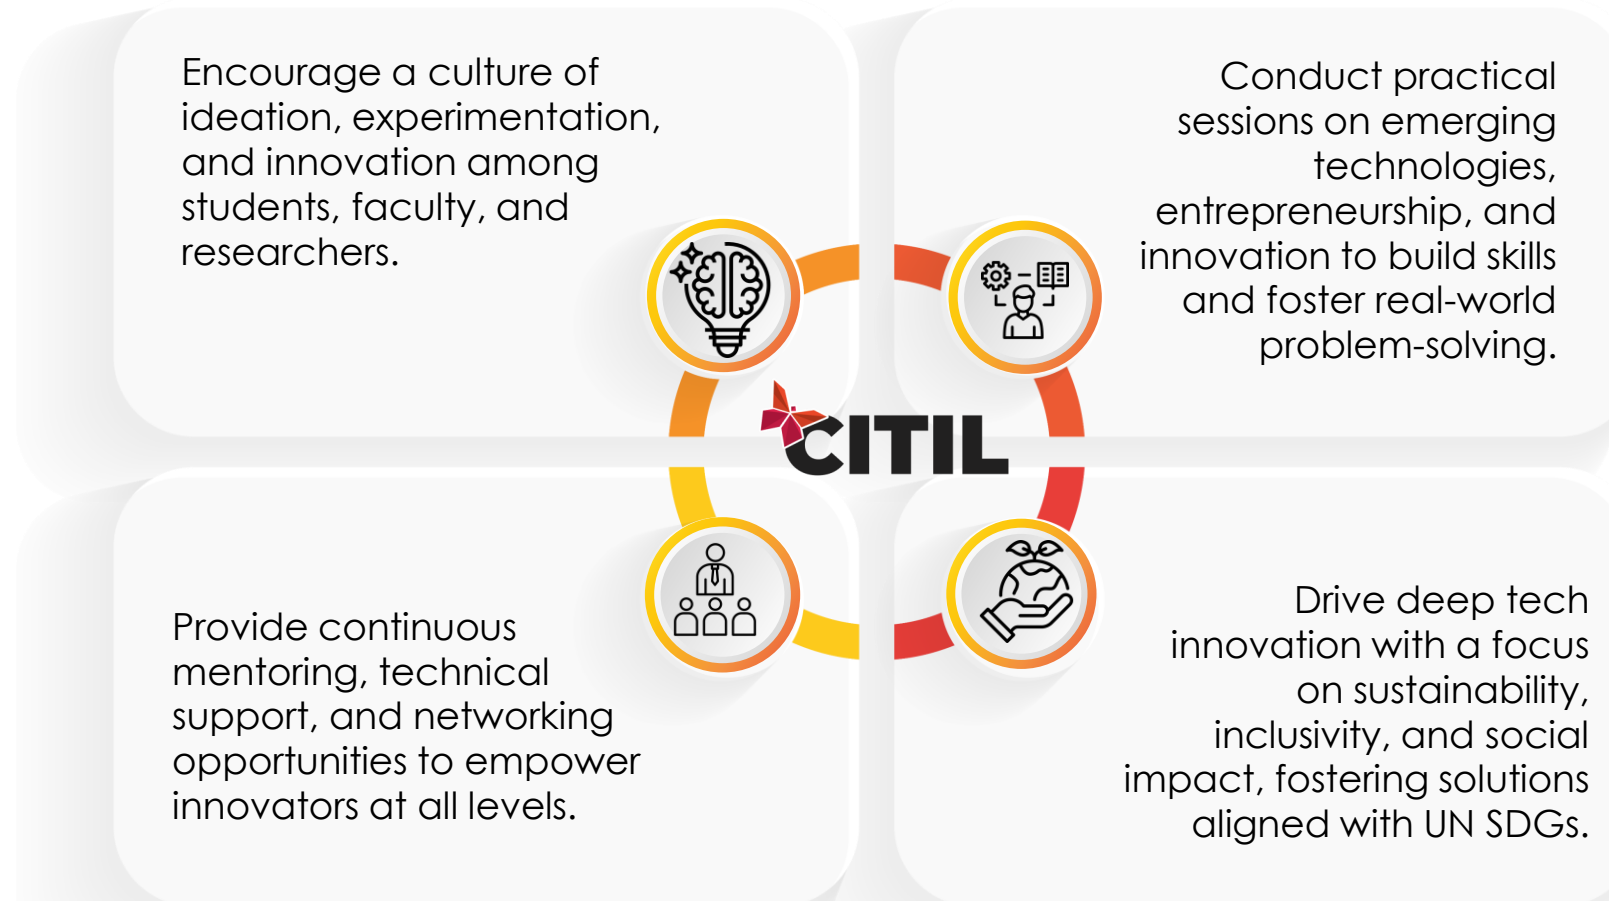

To position CITBIF as a leading hub for deep-tech and manufacturing innovation, driving industry-academia collaboration for economic and societal impact

Mission

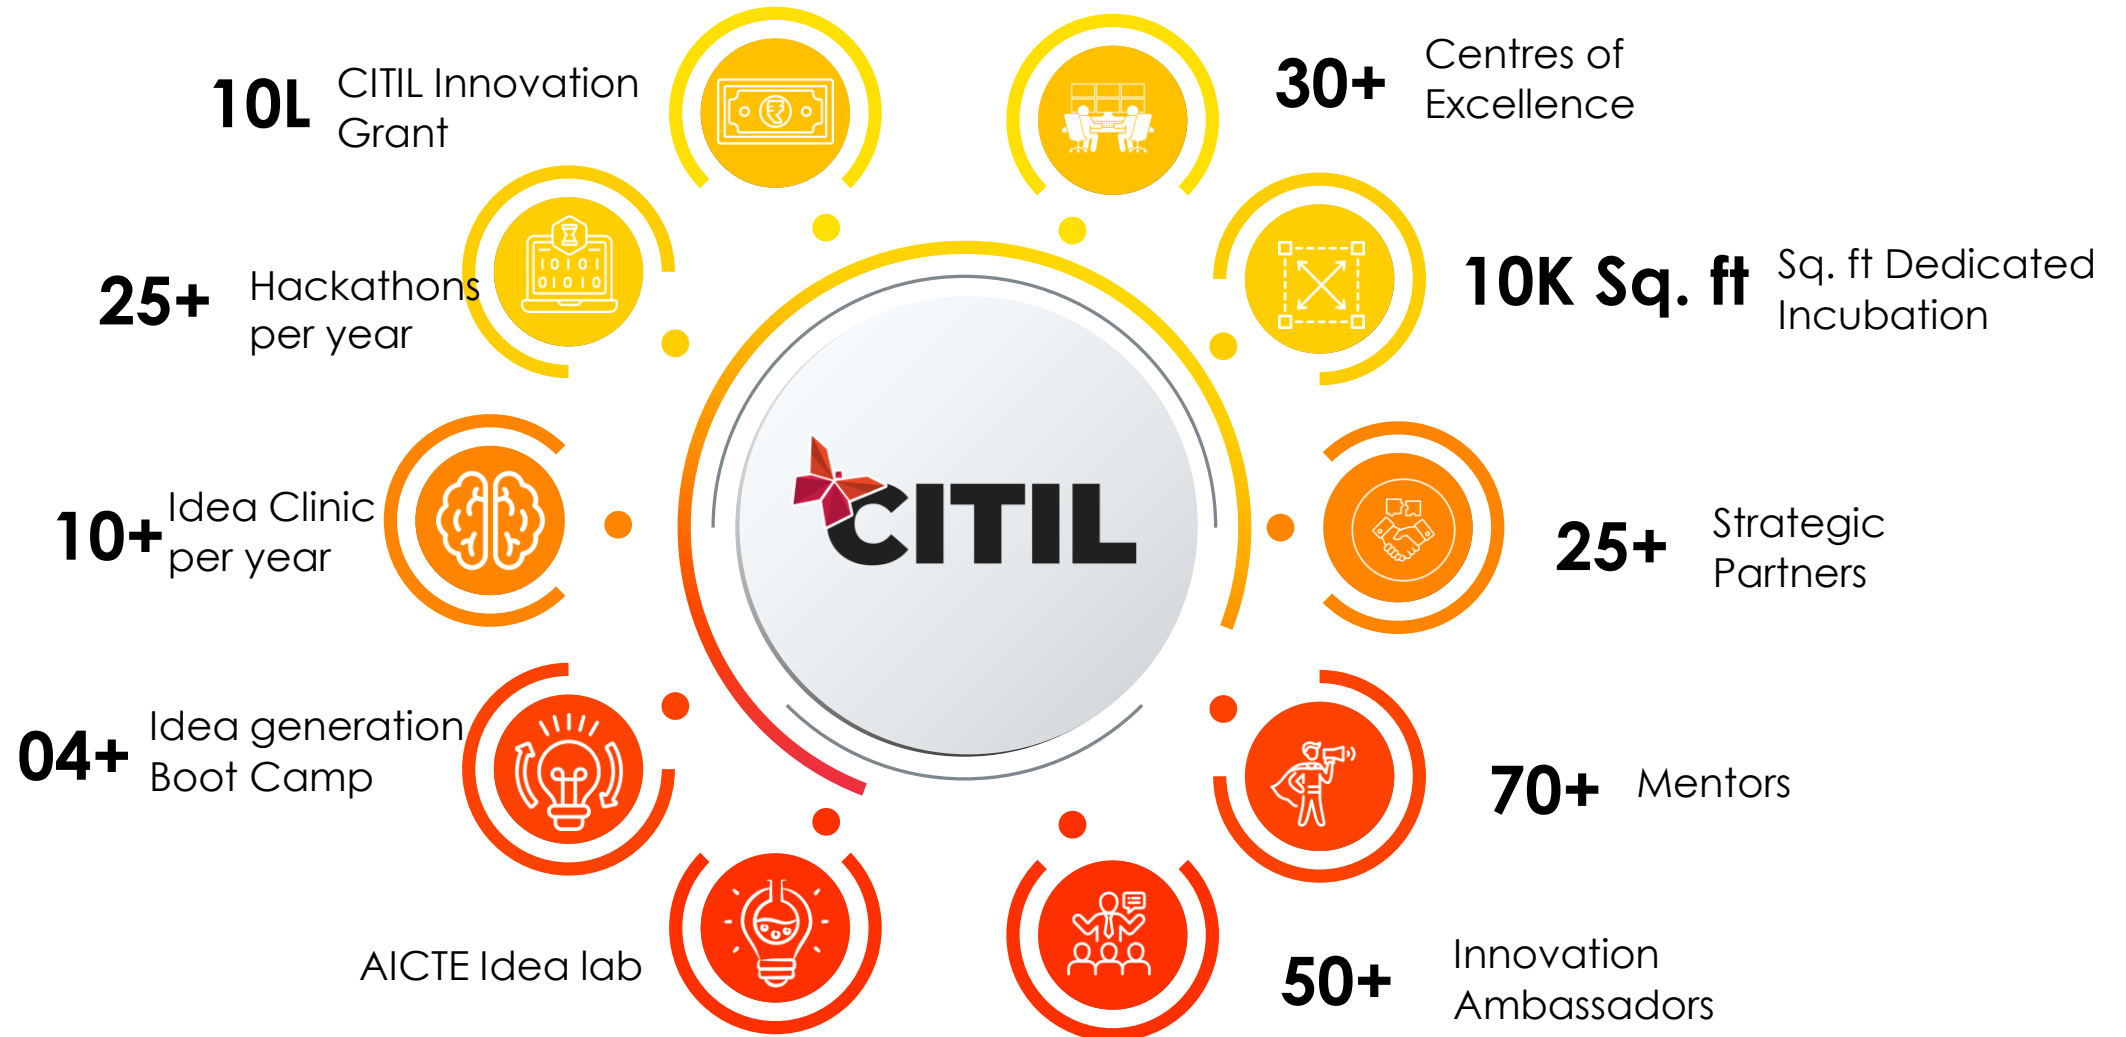

To build a supportive ecosystem that empowers students and startups through mentorship, technology, and CoEs, driving sustainable growth aligned with SDG

Key Objectives of CITIL

Idea Generation Bootcamp

Day 01

Ice breaking/ Problem Identification

- Brainstorming big ideas
- Problem-solving through design thinking,
- Transforming challenges into opportunities.

Day 02

Design Thinking/ Ideation

- Sustainable Development Goals (SDGs)
- Problem identification
- Helping participants align their ideas with real-world challenges

Day 03

Storyboard/ Visualisation

- Engaging session on Persona Building and Storyboarding

Day 04

Elevator Day

- Final Pitch Deck

Ecosystem Testimonials

Dr. A. Noorjahan,
Bio-focus Scientific Solutions.

Campus and the infrastructure facility is very useful to students. Good, Hospitality, Responsive and interactive students and future entrepreneurs. Good initiatives and Talented. All the best for future entrepreneurs

Karthick Mari Pitchai
Founder and CEO Karking

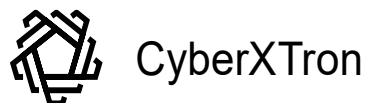

It's wonderful initiative! That's too from first year students. I can see lot of potential from students of CIT, in my opinion CIT will have too many student startups incubated inside in another 3 years of span. The reason behind is CIT incubation centre and the team! Keep supporting!

- MoE's – Institution Innovation Council
- Center of Semiconductor Hub

Industry-Supported Technology Center on Campus

KUKA Industrial Automation

Having Its Office In Our Campus

The centre aims to train young engineering graduates and diploma students of all engineering disciplines up to the Industry expectations and foster research in applied robotics field.

Fronius Welding

Having Its Office In Our Campus

A company known for its advanced welding, solar energy, and battery charging solutions, has partnered to establish Fronius Welding Research Center at our campus

Bonfiglioli Cutting-Edge Academy

Beyond the realm of research.

The collaboration focuses on real-world projects, offering hands-on experience and insights into industry best practices. Prepares a new generation of skilled professionals to address the challenges of a rapidly changing technological landscape.

WABCO – CIT – KYUTECH

Center of Excellence for IoT

- Platform for innovation in cutting edge technologies like IoT, NFV, 5G, M2M, D2D, Security
- Hands on training on Embedded system and IoT
- Undertaking corporate projects
- Undertaking NGO projects

RANE NSK – Centre for Material Science

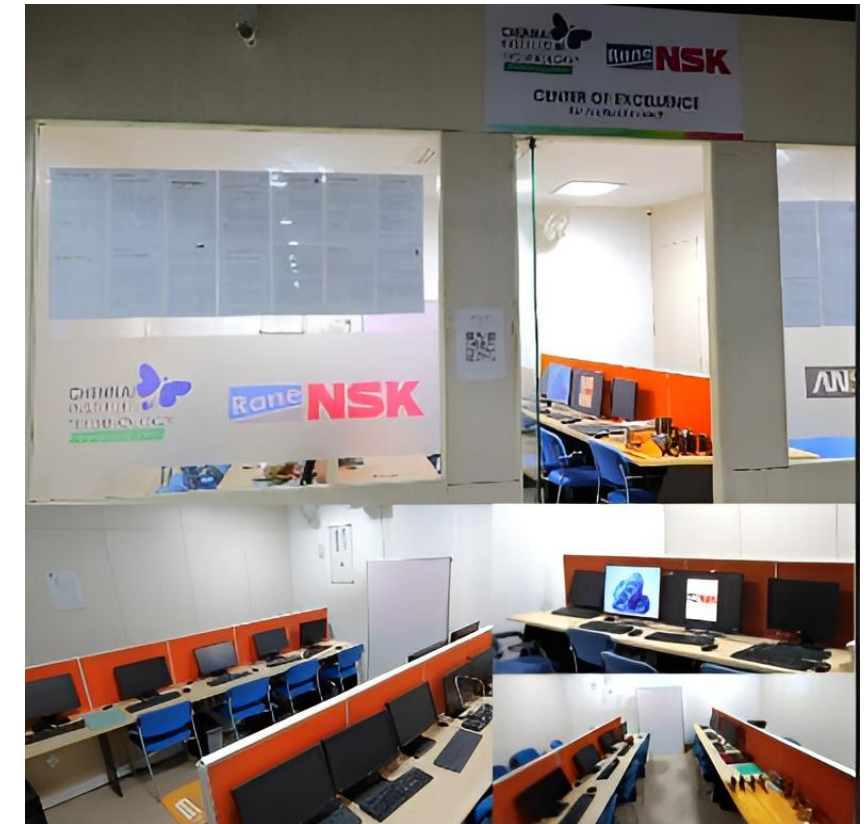

Collaboration with the RANE Group and NSK

Technical Benefits

- Hands-on CAD/CAM Software Training
- Real-World Engineering Skills
- Research with Industry Tools
- Mentoring by industrial experts and research faculties

Career Development Benefits

- Strong Industry Linkages
- Internship and Placement Advantages
- Ability to work on industry projects and prototype development
- Development of critical skills related to automotive and manufacturing industries

Few of the spin offs are financially supported by the Institute.

9.4 Research income from industry

As part of research initiatives, the students and faculty members are involved in developing innovative solutions for the below industries.

		
Accenture Solutions Pvt. Ltd	TATA Consultancy Services	TVS
		 
Decathlon	Bonfiglioli, Transmission private limited	MK auto Components Gokul Autotech Pvt. Ltd
		
Tripower Technologies Pvt. Ltd	Coporate Solutions Redefined India Pvt.Ltd	Daimler India Commercial Vehicles Pvt Ltd
		
Maestro Steel Detailing Inc	VEEKAY Engineering	Chennai Heat Treaters Pvt Ltd, Chennai.
		
Maruthi Power control systems, Chennai	Swot Technologies PVT Ltd	Win Mach Automations PvtLtd Ambattur, Chennai

		
RRT Power Tech pvt ltd	Rane NSK Steering Limited, Chennai	CAD Macro Design & Solutions Pvt Ltd

Income of INR 4,23,60,000/- is generated through various industry sponsored projects.
